Summary

About the Faculty of Dentistry at the University of Toronto:

Exciting new advances and global challenges are radically reshaping the field of dentistry. Our vision at the Faculty of Dentistry at the University of Toronto is to not just address and respond to these changes – but to thoughtfully and conscientiously shape the field of the future.

With our robust and comprehensive educational training programs (DDS, MSc, PhD degrees, IDAPP and other specialty programs), our emphasis on community outreach and care, and our internationally known and interdisciplinary research mission, the Faculty of Dentistry at the University of Toronto continues to earn its reputation as one of the top dental schools in North America. Throughout more than 145 years of dental education -- the oldest, largest and most comprehensive training program in Canada -- we have striven to graduate the highest quality of students while providing the public the highest standards of care.

We are driving by our vision to improve health by advancing dentistry through inspired leadership, innovation, and excellence in education, research and practice.
